

# CONSTANT HEAD PERMEABILITY SET

Code : T252

- Used to determine the permeability of granular-grained soils

## STANDARDS

ASTM D2434 • BS 1377-5 • AASHTO T215

## TECHNICAL SPECIFICATIONS

| Model                                 | T252X075H | T252X114H          |
|---------------------------------------|-----------|--------------------|
| Permeameter stand with 4 tubes        |           |                    |
| Transparent Plastic Permeability Cell | Ø 75 mm   | Ø 114 mm           |
| Water Reservoir Tank                  |           |                    |
| Take-Off Points                       | 3         | 12 (6 blacked off) |

## ORDERING INFORMATION

| Item                                         | Code      |
|----------------------------------------------|-----------|
| CONSTANT HEAD PERMEABILITY SET - Ø 75 mm     | T252X075H |
| CONSTANT HEAD PERMEABILITY SET - Ø 114 mm    | T252X114H |
| MANOMETER STAND with 4 TUBES (Constant Head) | T252P001H |
| RESERVOIR TANK (Constant Head)               | T252P002H |
| MANOMETER TUBE - Ø 6 mm                      | T252P003H |
| MANOMETER TUBE - Ø 8 mm                      | T252P004H |
| MANOMETER TUBE - Ø 14 mm                     | T252P005H |
| MANOMETER TUBE - Ø 22 mm                     | T252P006H |
| PERMEABILITY CELL (Constant Head) - Ø 75 mm  | T252P007H |
| PERMEABILITY CELL (Constant Head) - Ø 114 mm | T252P008H |
